A large, stylized gear icon is centered on the page. The gear is dark gray with a white outline. Inside the gear, the words "learning resource" are written in a bold, black, sans-serif font. The background is a blurred image of a cloudy sky with a thick rope running horizontally across the top. The overall color palette is muted, consisting of grays, blues, and whites.

## Sector Skills Alliance for Advanced Manufacturing in the Transport Sector

The Sector Skills Alliance for Advanced Manufacturing in the Transport Sector represents the one-stop-shop providing state-of-the-art solutions to competencies and skills needs faced by the automotive, aerospace and train industries. The Sector Skills Alliance is promoted by a network of leading organizations including Jaguar Land Rover and SAS, Scandinavian Airlines Systems, in cooperation with research centres and accreditation and regulatory bodies.

The screenshot displays the 'Sector Skills Alliance' page on the skillman.eu website. At the top, there is a banner image of industrial robotic arms. Below this, the text 'Sector Skills Alliance' is followed by a sub-header 'New projects, initiatives and programs'. The main content area features a grid of images and text blocks. A prominent red arrow points from the top of the page down to a blue button labeled 'More' in the bottom right corner of the main content area. To the left of this button, a blue circle highlights a 'Menu' link in the navigation bar. Below the main content, there is a section titled 'Alliance' with a grid of logos for various organizations including Gruppo CSCS, EAL, AVA, Jaguar Land Rover, and SAS. At the bottom of the page, there is a footer with the text 'rispetto ed anim' and a small profile picture of a man.

challenges in the field of Advanced Manufacturing for the Transport Sector with reference to:

conceived with the purpose of bringing together different actors, complex projects of scope of action, size, field of

ch as well as the wide geographic dimension, covering all European member states as well as many neighbouring and extra EU  
network of Associated Partners, who expressed interest to cooperate and support the dissemination and exploitation of project  
respective contexts relevant qualifications and educational programmes.
